

IATSE Local 762 Registration for Referral

1. A technician must register with Local 762 before being added to the Referral List; this includes but is not limited to email address, phone number, and mailing address. Once registration is complete, the Union will notify all signatory employers with whom the registrant applies.
2. Registrant must be a resident within the Local's jurisdiction (proof of address may be required) and be of legal age of employment.
3. Registration will remain valid for six months.
4. You must agree to pay the semi-annual Referral Fee (currently \$20, payable by January 1 and July 1 each year) as well as the ongoing Referral Assessment of 1% of gross wages for each day worked. *Signing the attached Dues Authorization Form allows the employer to automatically calculate and withhold monies from your paycheck and avoid a penalty for failure to pay.*
5. The Referral Fee and/or associated Assessment must be paid within 30-days of being invoiced to remain on the Local's Referral List. If payment is not received in full within 30-days of invoice, the delinquent registrant will be removed from the Referral List. Once removed, there is a \$50 reinstatement fee and registrant must re-register. Anyone removed from the Referral List for delinquent payment will be added to the following quarter's Referral List.
6. **Inclusion on the Referral List is not a guarantee of employment.**

Online payments Available. Please reach out to the Local for a link to pay.
